SUBJECT: Statement on the Results-Based Performance Management System

DATE: August 13, 2014

The following is the Department of Education's official and latest statement on the Results-Based Performance Management System (RPMS). Please be guided.

The Results-Based Performance Management System (RPMS) is not linked to the Performance-Based Bonus (PBB) for public school teachers.

The RPMS results will guide the Department in providing development and training interventions to ensure continuous development of teachers. This is part of DepEd's commitment to further develop our teachers and provide quality education to our learners.

The official guidelines for the RPMS will be released as a Department Order. For your information and guidance.
