Dear Dr. Donato:

IBON is non-stock, non-profit, non-government development institution founded 36 years ago that provides various services in research, education and advocacy support to grassroots organizations. Our program in the formal education sector, IBON Partnership in Education for Development (IPED) builds partnerships with schools along a transformative approach to education. Consisting of a full- service program for schools, IPED helps facilitate curriculum development, syllabus making, teacher education and distribution for Social Studies textbooks (English and Filipino edition) and supplementary reading materials for Grade School to High School. IBON's transformative education approach imparts an analytical appreciation and implementation of the K-12 Basic Education Program.

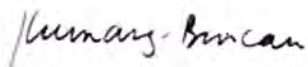

IBON believes that in promoting **transformative education**, exposing our teachers to the social realities will build their awareness and commitment to develop students who are not only aware but will be critical agents for social change.

In this regard, we would like to ask your good office to be part of this endeavor by giving us a DepEd memorandum to an area wide activity on **October 24, 2014, Friday, from 1:00 – 5:00 in the afternoon at the Anthurium Hall of Benguet State University, Gate 3, Km. 5, La Trinidad, Benguet. IBON Birdtalk**, briefing of the country's economic and political situation, trends and prospects will be our main topic on that day. We will be inviting participants from private and public schools in Baguio – Benguet area. The event will gather a hundred (100) Araling Panlipunan/ Social Studies teachers and students in the area in a forum that will build their awareness on the national situation. We hope that through our partnership, IBON can continue providing you with latest information and analysis that will supplement the classroom discussions on current events and will contribute on pro-people approach in teaching Araling Panlipunan / Social Studies among the students.

We hope that you will find this activity worthy of your support and will give us a favorable response. For details, feel free to get in touch with us at Tel. Nos., (02) 9277060 to 61 loc. 411 / 927-6982, look for Joseph Evalle (0921-505-
