Addendum and revision of the existing rules and regulation for Bowling: (January 19, 2015)

1. Each team shall be composed of 6 females or any combination of males and females provided male players will not exceed four per team as actual players. The players may have substitute after the 1st five rounds.
2. After the defaulting time, a team with 4 players will not be defaulted and the game will continue. However, once the game has started, **the late player/s of the team will no longer be allowed to play.** The score obtained by the 4 players will be the score of the team.
3. The game must start on time as scheduled even without the tournament officials in order to maximize the reservation for the venue. In such case, the team coordinators are responsible in the management of the game while the officials are not yet around.
4. Each team will decide what uniform or color to use during the game. The management will impose deduction of FIVE points from the total score of every player not in uniform.
