Dear Sir:

This institution's major goal is to help equip pre-service and in-service teachers and other community stakeholders with the skills and knowledge necessary for the 21st Century through its review and training activities that will be conducted. The institution works in coordination with other community institutions and organizations like the Department of Education, Commission on Higher Education, Technical Education and Skills Development Authority, the Department of Social Work and Development and other government and non-government organizations to meet its major goal.

The purposes of this institution are:

1. to update pre-service and in-service teachers and other community stakeholders on trends and issues and current practices in education;
2. to equip educators with the necessary skills and knowledge needed by the 21st Century learners through reviews, trainings, seminars, workshops and conferences; and
3. to enhance in pre-service and in-service teachers the values and skills needed to become globally competitive.

In relation to this, the institution has planned to conduct its **2015 INTERNATIONAL CONFERENCE IN EDUCATION** with the theme: **BECOMING A GLOBAL TEACHER BY INTEGRATING 21ST CENTURY SKILLS AND THE ASEAN 2015 EDUCATION FRAMEWORK IN TEACHING AND LEARNING (DepEd Advisory No. 454, s.2014 and CHED MEMO dated November 27, 2014)**. This conference is intended for pre-service and in-service teachers, university instructors and professors, public school teachers, school principals and administrators, Municipal Social Welfare Development Officers, Day Care Workers and other interested stakeholders. The date is set on **May 1, 2 and 3, 2015** at the **Hotel Supreme, Magsaysay Avenue, Baguio City**.
