

Office of the Schools Division Superintendent

## MESSAGE

Congratulations to the 2015 Graduates. You have come a long way in your journey towards achieving a relevant and quality education that will guide you through the remaining years of your school life.

*Saktong Buhay: Sa De-Kalidad na Edukasyong Pinanday* – let this be your mantra as you step into the next level of education that will eventually direct you towards a bright, fruitful and decent life. As young pupils and students, there are a lot of great lessons to learn from your experiences whether inside or outside the school. You may have stumbled along the way but what matters is that you managed to get up and to continue on. Stay focused and keep your goals in sight.

The Schools Division of Baguio City is doing its best and will continue to do its best to provide you with quality basic education that you deserve. We owe this to you because we care.

***Mabuhay Batch 2015!***
