JUL 28 2015

Greetings!

Pursuant to the attached DepEd Advisory No. 201, s. 2015 this year's annual Mathematics Trainers' Guild (MTG) Qualifying Examination and Training Programs will be rescheduled on Saturday (August 1, 2015) at the Baguio City National High School. The rescheduling of the said activity was due to the monsoon rains that affected the Cordillera Administrative Region for the past weeks.

The Qualifying Examination is the initial stage where MTG recruits mathematically-gifted or mathematically-inclined pupils and students to be trained for international mathematics competitions such as the Hong Kong Po Leung Kuk Primary Mathematics World Contest, the China Primary/Junior School Math Olympiad, the Invitational World Youth Mathematics Intercity Competition, Elementary Mathematics International Competition and the American Region Mathematics League. Indeed, many MTG Kids brought home the victory to our country.

To date, a number of pupils and students from Baguio City have already won several medals in national and international competitions here and abroad. Henceforth, to offer good opportunities and provide excellent mathematics education and quality trainings in the country, the MTG Center in Baguio City wishes to invite elementary grades 3, 4, 5, and 6 pupils and high school grades 7, 8, 9 and 10 students not only in Baguio City but also to the entire Cordillera to take the Qualifying Examination and hope to recruit the best pupils / students to bolster the chance of winning in the international math competitions.

Those who are interested to take the Qualifying Examination and be a part of the training program, please send their intention by accomplishing and submitting the format registration form below to the MTG center coordinator. Each participant will be charged a testing fee of forty (P40.00) pesos to cover the expenses for testing materials, honorarium for proctors and other miscellaneous expenses that may incur during the administration of the examination. You may submit your registration form and payment at Baguio City National High School and look for Ms. EDITHA L. LAOP with contact # 09267504511.

Thank you very much for your support and endorsement to the MTG activities. More power and God bless!

Very truly yours,

  
**EDITHA L. LAOP**  
 MTG Center Coordinator

**2015 MATHEMATICS TRAINERS' GUILD (MTG) QUALIFYING EXAMINATION  
AND TRAINING PROGRAMS**

The Mathematics Trainers' Guild (MTG) Philippines will conduct its *2015 Qualifying Examination and Training Programs* on August 1, 2015 in the different MTG training centers in the Philippines.

The Qualifying Examination and Training Programs aim to:

1. seek to evaluate the breadth of the students' mathematical knowledge and skills;
2. select superior students in the field of Mathematics for further training and advancement;
3. provide the Filipino youths the appropriate venue to enhance their Mathematic skills through phases of training; and
4. develop mathematical potentials of the promising Mathematics students to meet the international math standards.

The Philippine Board of Studies Foundation (PBOSF) Inc. will sponsor the registration fees of students in the public schools, thus registration is *Free of Charge* to all interested public elementary pupils and secondary students.

The target participants are pupils and students from both public and private elementary and secondary schools.

The students who will pass the Qualifying Examination shall be eligible to enrol and pursue the following MTG training programs:

1. *Mathematical Challenge for Filipino Kids Training Program (MCFKTP)* – has a total of 12 Saturday sessions which are usually conducted for three hours within the academic year;
2. *Young Mathematical In-house Intensive Training Program (YMIITP)* – is a four-day in-house intensive training program where the MCFKTP top scorers are invited to attend and are given lectures and battery of quizzes and examinations to select the qualifying and alternates; and
3. *Mathematical Olympiad Summer Training Program (MOSTP)* – is a month-long training of YMIITP qualifiers and alternates who will be equipped with advance math contents, concepts and strategies in preparation for their participation in different international math contests abroad.

Participation of both public and private schools shall be subject to the *no-disruption-of-classes policy* stipulated in DepEd Order No. 9, s. 2005 entitled *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*.
