Dear Mr. Bringas:

RE: Request for Endorsement

Greetings from the Governing board of the Biology Teachers Association of the Philippines, Inc. CAR Chapter!

The Biology Teachers Association of the Philippines, Inc. (BIOTA Philippines, Inc.) will be having its **5th Regional BIOTA Convention and Scientific Sessions** on **January 8-9, 2016** at Easter College, Baguio City. The convention hopes to gather 100-150 participants who are biology teachers and/or researchers from all levels of public and private schools and educational institutions nationwide.

In support of the government's initiatives relative to the K to 12 curriculum shift, this year's theme is **"Paradigm Shifts in the Curriculum: Challenges and Opportunities for Biologists"**. The convention activities will focus on the biologists' vital role and responsibility in advancing excellent and innovative practices through their teaching and research work.

In line with this, may I request for your endorsement of the said convention. Attached to this letter is the copy of the program for your reference.

If you have questions regarding the BIOTA-CAR Convention, please contact the undersigned. Thank you in anticipation of your positive response to this request.

Very truly yours,

Benilda Z. Narcelles, PHD
BIOTA-CAR President
