Dr. Ellen B. Donato

Regional Director
Department of Education
CAR

Dear Dr. Donato,

Greetings!

We are from Edukasyon.ph, a social enterprise that offers a website with a database of educational opportunities for high school students. The website includes senior high and college courses, scholarships, and grants, given by government agencies, embassies, universities and foundations here and abroad to help students in their decision-making process for senior high and college.

As part of our social mission to help students in charting their career path, we are conducting FREE online career clinics at the different public schools all over the country. The career clinics are computer-based sessions on senior high and college search that provide incoming senior and college students an opportunity to search for schools and scholarships that correspond to their interests. These sessions empower students with information online on the different careers they can choose from.

In connection to this, we would like to request permission to conduct these career clinics at high schools in Cordillera Administrative Region (CAR). During the career clinics, students will be taught on how to navigate the Edukasyon.ph website to find courses, college scholarships based on their career preferences. These clinics can help guidance counselors give students a diverse set of career options and courses offered nationwide.

To better explain these career clinics, we would be happy to meet you at a date convenient for you. You may contact our High School Engagement Manager, Ms. Riza Mae S. Solis at (+632) 823 2701 / +639279519092 or through email at rmsolis@edukasyon.ph.

Thank you very much and we look forward to working with you in this initiative.
