ATTY. AGUSTIN P. LABAN III

Attorney 3 – OIC
Office of the School Division Superintendent
Baguio City

Dear Atty. Laban:

Greetings!

The Baguio Center for Young Adults, Inc. has been an advocate of "Anti-Drug Use" for the past years. Since 2006 we have been in partnership with the LGU-Baguio/City Anti-Drug Abuse Council (CADAC) and the Dep Ed/DO-Baguio City in the implementation of the project: "Life Planning as a Resource Intervention for Anti-Drug Education" (Life PRIDE) together with identified elementary and high schools.

The role of school mentors and peer groups in drug prevention has an influence to positive change behavior and healthy lifestyle of young people to include learning skills to manage life challenges and say NO to use of prohibited drugs.

In the past 9 years (2006-2015) BCYA have mentored over 200 public school mentors and have reached more than 15,000 public elementary pupils and high school students. The 9th year of the project was a milestone in the anti-drug campaign for the nation for PDEA has recognized the effectiveness of the intervention in the prevention of drug use of children /youth.

Our partnership has strengthened the fight against drug use and supports the vision for a "Drug Free City".

Again, for this school year 2016-2017, we are challenged to continue the advocacy by partnering with identified elementary & high schools for this Life PRIDE Year 10

As such we would like to meet with the 20 SADAC Focal Persons from these 20 schools identified below for an Orientation/Workshop on August 26 , 2016 from 8:00 am to 5:00 pm

The objective of the activity are the following:

1. To be oriented on the thrust of the Life PRIDE Year 10.
2. To discuss the magnitude of the drug menace in the city.
3. To appreciate their mentoring role to their peer groups.
4. To overview the Life Skills Development Manual which will be utilized in their drug prevention skills building sessions.
5. To develop a SADAC-Life PRIDE skills development session plan per school.
