Dear Madame,

Greetings of peace and goodwill!

The Department of Education Arnis Association of the Philippines- Cordillera Administrative Region will conduct an Arnis regular training in preparation for the annual and regular sports program competitions in the Department of Education. The expected participants for this program are **students/arnis players**, and **MAPEH teachers** who are **teaching and coaching arnis** in their respective schools. The YMCA Sphinx Arnis Club offers the YMCA of Baguio Gym to serve as our training ground every Tuesday, Thursday and Saturday at 5:30 PM to 7:00 PM. The training will start on September 3, 2016. The program aims to:

1. Propagate Arnis as Philippines National Sport and Martial Art by virtue of Republic Act 9850.
2. Train MAPEH teachers in teaching arnis as part of their curriculum, arnis coaches' skills and develop arnis students/players from grass roots to elite in preparation for lower meet up to palarong pambansa and to encourage coaches in the region become real arnis practitioners.
3. Upgrade participants' belt/rank promotion in accordance to their performance and capabilities.
4. Strengthen the camaraderie and unity of the DEAAP-CAR members.

We believed that champion arnisadors in the Palarong Pambansa are coming from the Arnis Clubs under the supervision of their arnis instructors. As president of the DEAAP-CAR Inc., and assigned arnis tournament manager in the CARAA meet from 2007 to 2016 it is my concern to help our region particularly to improve the previous performance of the arnis athletes. Since most of our former athletes are already graduated in the elementary and secondary, this program will take advantage to train more players so that we can discover another potential arnisadors to compete from the lower meet to palarong pambansa and the Department of Education teachers are the instruments of the program.

In view thereof, the undersigned respectfully requests your good office to support our endeavour by disseminating to the interested arnis teachers, coaches and students in the secondary and elementary schools in the Region. Rest assured that the arnis instructors of the YMCA Sphinx Arnis Club will teach the quality and effective arnis training for the participants.
