GRADUATION MESSAGE

During their different educational adventures, Ms. Frizzle (teacher in the Magic School Bus series) would always say to her students these words, "That's the spirit, take chances, make mistakes!"

In a way, it still related to our theme this year, for both graduation and completion, "Sabay sabay na hakbang tungo sa maunlad na kinabukasan!" This is in terms of experiences that you had along the way, your attitude in coping, learning from your mistakes and the implications of these to your life as a learner in future endeavors.

With the K to 12, as a pupil or student, you were developed and enhanced; the curriculum was made relevant to your needs through contextualization; proficiency was built; integrated and seamless learning were ensured with spiral progression, and the assurance of readiness for the next level.

Likewise, your journey was made possible with the presence of your parents or guardians, support of teachers and your school, including your community which would enable you to step ahead and face the challenges of junior high and senior high.

God bless and CONGRATULATIONS!

RACHEL M. BUGTONG, Ed.D.

Chief, Curriculum Implementation Division
