March 24, 2017

ATTY. AUGUSTIN P. LABAN III
OIC- Schools Division Superintendent
Baguio City

Sir:

Warmest greetings!

The Philippine Science High School offers an education that is humanistic in spirit, global in perspective and patriotic in orientation. As such, it is based on a curriculum that emphasizes not only science and mathematics but also includes Multiple intelligences such as art and music for the holistic development of our students. Hence, we will be conducting our activity entitled "PISAY Day at SM Baguio" on April 26, 2017 to celebrate the arts as a vital part of our curriculum. Attached herewith is the flow of activity.

In this regard, we would like to invite your elementary students (Grade 3-5) to join the poster making competition. Attached is the mechanics of the said activity. Further, all elementary students, teachers and parents are also invited to watch the dance, music, debate performance of our students. We will also be giving freebies through raffle draw to our audiences. There will be no registration required.

This activity aims to promote and advertise the scholarship programs of our school. Further, it also provides avenue for the students to develop and show off their skills and talents in dancing, public speaking, music, and arts to the community. Likewise, it gives parents the opportunity to see their child shine in a whole new light. Moreover, this will educate the people that PSHS doesn't only confine the students into academics but rather we also provide activities to develop their soft skills and all areas of development to our students.

We look forward for a better partnership of your Institution providing quality services and education to the community.

Thank you and God bless.

Yours truly,

Dr. C. R.

DR. CONRADO C. ROTOR, JR.
Campus Director III

To: All School Administrators,
School Heads & Teachers In-Charge
Elem. & Secondary (Public &
Private)
