Schools Division Superintendent
Division of Baguio City

Dear Sir:

Warm greetings!

The Philippine Science High School offers an education that is humanistic in spirit, global in perspective and patriotic in orientation. As such, it is based on a curriculum that emphasizes not only science and mathematics but also includes Multiple intelligences such as art and music for the holistic development of our students. Apart from this, students are receiving monthly stipend, uniform and transportation, free loan of textbooks, free tuition and miscellaneous fees.

Hence, as part of our National Competitive Examination School Caravan which aims to promote the scholarship program, we would like to invite your Grade 6 pupils to join our career coaching activity on July 22 and 29 (Saturdays), 2017 at Philippine Science High School CAR Campus Google Room. Attached herewith is the flow of activity. The students have the option to choose from the four schedules. We would appreciate if the participants will also be taking the entrance examination by filling up the applications forms. Free reviewer will be given to those who will submit their application form and Grade 5 card on the day of the activity. Kindly use the confirmation slip to confirm your attendance. We will be accommodating 60 participants per group so it would be in a first come first basis. Snacks will be served for the said activity.

We look forward for a better partnership of your Institution in providing quality services and education to the community.

Thank you and God bless.

Yours truly,

DR. CONRADO C. ROTOR JR.
