Dear Dr. Eclar,

Greetings!

It is our great pleasure to invite you to the 2018 NOSTE (National Organization of Science Teachers and Educators) National Research Conference and Training Workshop on **May 18-20, 2018** at Albergos Residences and Baguio City National High School, Baguio City, Philippines.

For several years now, the organization paved the way for Science teachers and educators to interact with experts of national caliber through research paper presentations, workshops and lectures. This year features plenary sessions, paper presentations and workshops which are all anchored on the theme – **Championing lifelong Learning through Contextualized Science Education for All.**

Researchers, practitioners, and policy-makers are encouraged to submit their 250-word abstract (in MS Word or its equivalent) for oral and poster presentation to nostecconference@gmail.com and cc to nosteorg@gmail.com. Please see attached Abstract Template as your guide. Abstract Submission ends on **March 24, 2018.**

All participants must register by filling out the attached Registration Form and pay the non-refundable, non-transferable registration fee of PhP 5,000.00 for Non-NOSTE Members and PhP 4,500.00 for NOSTE Members. The fee covers food (6 snacks, 3 lunches, and a dinner on the opening day), conference kits and certificates. First Meal will be the AM Snacks on May 18 while last meal will be the PM Snacks May 20. Participants are requested to secure their own accommodation.

Please course your payments through any of the following payment methods:

Bank transfer in Philippine Peso
Account Name: **NOSTE INC**
Savings Account No.: **1333-3081-14**

Bank: **Bank of the Philippine Islands**
Branch: **Jaro, Iloilo City**

Payment may also be done through Money Remittance Centers, i.e.: Western Union, Palawan Pera Padala. Please address to:

Dr. Shirley R. Jusayan
Treasurer, NOSTE
West Visayas State University
Luna St., La Paz, Iloilo City, Philippines
Mobile No: 09274909442

Please instruct the bank to "pay in full" when making bank transfer. Transaction payments will be shouldered by the sender. For bank transfers, a copy of the bank receipt of the remittance must be submitted as proof of payment.

Please help us disseminate this information to your colleagues, friends, and network. For more inquiries, please keep in touch with us through the contacts below.

Department of Education (DepEd) advisory from the DepEd Central Office had been requested.

We are looking forward to seeing you all at Baguio City this May!

Sincerely,

J. D. Linaugo

Republic of the Philippines

National Organization of Science Teachers and Educators (NOSTE), Inc.

SEC. REG. No CN201126182

Permanent Secretariat: West Visayas State University, Center for Research and Innovations in Science and Mathematics Education, La Paz, Iloilo City, Philippines

GENERAL INFORMATION of the ORGANIZATION (NOSTE)

The National Organization of Science Teachers and Educators (NOSTE) is a professional teacher organization that caters to science teachers in all levels, science educators, science enthusiasts and scientists. Its home office is at West Visayas State University, Iloilo City.

It originally started as the Association of Elementary Science Teachers and Educators of the Philippines, (AESTEP) but on September 23, 2011 it was registered with the SEC as National Organization of Science Teachers and Educators (NOSTE) to broaden its membership base with higher education institutions.

To date, we have an active membership of more than one thousand bona fide regular members, lifetime members, and honorary members from the Philippines and abroad.

Every year, AESTEP or NOSTE would plan, organize and hold science activities for teachers and pupils. These are often done during the celebration of the Science Month, in September. While every two years, the Organization sponsors an International Conference in collaboration with other partners.

Since the registration fee is very minimal for its members, participation of teachers and students are always overflowing since we always assure our clients with the best resource persons, and relevant topics. This is one way of providing professional development opportunities for all science teachers.

As a non-profit, non-stock organization, NOSTE has the following objectives, which it has been achieving since it started as AESTEP.

1. Enhance science teaching and research skills of the science teachers in science related subject areas in elementary, secondary and tertiary schools and communities;
2. Raise and maintain standards of science teacher educators along instruction, research and extension and production;
3. Foster unity, cooperation, collaboration, collaboration and linkages among science teachers and science educators;
4. Improve access in national and global developments concerning science teaching and learning; and
5. Establish and maintain working linkages with government and on-governmental association in the promotion and support of science teaching and learning programs.

NOSTE will continue to serve its members through professional development and other science activities by organizing and sponsoring relevant activities in collaboration with other agencies and institutions.
