2018 YOUTH LEADERSHIP EXCELLENCE AWARD

In recognition of outstanding public and private high school students for their academic excellence and leadership achievements to inspire them towards better lives

April 6, 2018

FEDERICO P. MARTIN
 Schools Division Superintendent
 Department of Education- Baguio City

Greetings!

Junior Chamber International Baguio Sunflower is an affiliate of Junior Chamber International Philippines (JCIP) or what was then known as the Philippine Jaycees. JCIP is a membership-based nonprofit organization of young active citizens ages 18 to 40 around the country who are dedicated to creating sustainable impact in their communities. Our purpose is to provide development opportunities that empower young people to create positive change. Our members identify the problems in their communities and take action to provide sustainable solutions to these problems. In this regard, we are conscious that it takes a partnership between the various sectors of society to ensure sustainable development in every community around the world.

Mindful of our objective to bring positive change to communities and to the youth, JCI Baguio Sunflower is now conducting one of our flagship national projects, the "Youth Leadership Excellence Awards" or "YLEA" with the objective to give recognition to the youth who are compassionately intelligent and exuberant in exhibiting initiatives in the field of academe and leadership, manifesting outstanding influential contributions in their family, institutions and community.

In this connection, may we respectfully ask for your assistance as we coordinate with the school heads of the private and public secondary schools in our area for the implementation of the said project. Attached in this letter is the YLEA project manual for your ready reference. Please do not hesitate to contact the undersigned at mobile no. **+639178811872** or email: jadeelegado29@gmail.com should you require further information or have any other questions.

We also extend our invitation to you to be our guest on our YLEA Summit on April 17, 2018, Tuesday, from 9:00 AM to 12:30 noon at University of Baguio's Centennial Hall. We believe that your contribution to this event will inspire the youth to become future leaders of our beloved city.

With every good wish,

JCI Mem. Christelle Jade T. Elegado
 Project Chairman, JCI Baguio Sunflower

JCI PHILIPPINES: YOUTH LEADERSHIP EXCELLENCE AWARDS

The Youth Leadership Excellence Awards (YLEA) is one of the flagship projects of the Junior Chamber International-Philippines. Its objective is to give due recognition to outstanding public and private elementary and high school students and to inspire them towards greater achievements in life.

The YLEA had its modest beginnings way back in 1985. Then Philippine Jaycees National President Renato "Rene" B. Batoon, a staunch supporter of youth development projects and whose NOM Theme, "Jaycees for a Better Tomorrow," encapsulated his administration's thrust towards the youth, conceived of the idea of honoring academically exceptional students all over the country as a way of motivating them to excel further.

The National President personally coined the term, "Presidential Leadership Excellence Award" (PLEA) for this landmark undertaking, as this was his "pet" project. In its pilot run, the project targeted the top ten graduating elementary students from each of the 1,000 public and private schools in the country. In just a short span of four months, from January to April 1985, the entire National Organization, with the National President personally overseeing this pilot project, vigorously promoted the implementation to all participating Jaycee chapters, numbering around 430 at that time. About 10,000 outstanding graduating elementary students were given medals and certificates all over the country, courtesy of the Ministry of Education and Culture, under Minister Jaime C. Laya. This project created such a great impact, that school officials from the various parts of the country encouraged them to continue this worthwhile undertaking.

This pioneering activity was recognized by no less than Junior Chamber International when it won the "Most Outstanding Youth Development Project" Award during the 35th JCI Asia-Pacific Conference in Kaohsiung, Taiwan in 1985, the only NOM Award won by the Philippine Jaycees that year.

Corollary to the PLEA, the National Leadership also launched the "Citizens Army Training Leadership Excellence Award" (CATLEA) that same year, under the chairmanship of National Commissioner Romeo Mascardo. This project was supported by the AFP Chief of Staff General Fabian C. Ver, and endorsed by the Ministry of Education and Culture. About 200 graduates were the recipients of this award, all high school graduates for leadership and academic excellence, and later organized into one club, the officers of whom meet at least once a month in the JCP Headquarters.

While the CATLEA was dissolved in 1990 due to the public's animosity towards Citizen's Army Training program, the PLEA project, however continued and prospered. Under National President Benjamin S. Lim, the project was renamed "Presidential Youth Leadership Excellence Award" (PYLEA). Under his term, the PYLEA expanded its scope to include elementary and high school graduating students.

The program changed to its present name, "Youth Leadership Excellence Award" in 1993, under the term of National President Roderick L. Ngo. Since then, the money used to buy medals and certificates were sourced from government officials and or Congressmen who have allotted a certain portion of their discretionary and/or Congressional Countrywide Development funds for the project.

Be Better.
