Dear Ma'am Eclar,

Greetings from the Science Clubbing Movement!

The **Pambansang Kapisanan ng mga Kabataan Samahan ng Agham (Philippine Society of Youth Science Clubs), Inc.** is a country-wide organization committed in upholding the significance of science clubbing and in promoting public understanding of science, technology and environment. In a span of 47 years, the PSYSC has conducted positive, practical, and realistic activities and programs for elementary and high school students which enhance their academic perspective and their environmental and social awareness.

This year, PSYSC will be conducting the 29th National Youth Science, Technology, and Environment Summer Camp (NYSTESC) with the theme, **"CONFIGURE: Hustle, Thrive, Survive."** This event will be held in Visayas from **July 28 to 31, 2018**. NYSTESC is a four-day activity for high school science club members and advisers across the Philippines. It aims to heighten the interest and awareness of science clubbers on a specific field of science through lectures and interactive workshops while developing their interpersonal skills through interactions with students from different cultures. For this year, our topic is **HUMAN KINETICS**, the study of mechanics of body movements.

In line with this, we would like to seek your support by helping us in **disseminating this information through advisories, or if possible a memorandum to schools in your region.** We have attached the materials needed for your reference. The organization is eager to impart this experience to the youth. With your aid, we can train young minds into becoming environmentally-aware and socially active citizens of this country.

We are hoping for your positive response. Please allow us to follow up on this matter. Should you have any questions, please do not hesitate to contact us through the numbers indicated above and look for Ms. Rosalinda Aber (Administrative Officer). You may also approach us through Ms. Jemsima Cerise Mendoza at 0977 819 8892.

Thank you very much and more power!

In service of the Filipino Youth,

JEMSIMA CERISE MENDOZA
Directress
National Youth Science, Technology, and Environment Summer Camp 2018

To: All School Administrators, Principals & Teachers in-Charge (Elementary & Secondary)

DRAFT: DEPED ADVISORY for NYSTESC 2018
2018 NATIONAL YOUTH SCIENCE, TECHNOLOGY, AND ENVIRONMENT
SUMMER CAMP (NYSTESC)

The Philippine Society of Youth Science Clubs (PSYSC), Inc. will conduct the **2018 National Youth Science, Technology, and Environment Summer Camp (NYSTESC)** with the theme, **CON[FIGURE]: Hustle. Thrive. Survive.** from **July 28 to 31, 2018** in Visayas.

The Conference aims to:

1. provide the participants with a thorough understanding of the concepts and impact of Human Kinetics, this year's selected ST&E topic, and its multi-disciplinary fields through interaction with experts in the field;
2. provide a venue for the exchange of ideas and promotion of camaraderie among junior and senior high school science club members and their teachers as well; and
3. encourage more students to join science clubs and to be involved with their teachers in the science clubbing movement.

The target participants are **enrolled junior high school science club members (Grades 7-10), senior high school science club members (Grades 11-12), and their respective advisers** from both public and private schools nationwide.

The deadline for submission of registration requirements is on or before **June 15, 2018, Friday**, together with the **complete list of participants** per school or science club. **Beyond this date, participants who are not on the list may not be covered with insurance.**

Participation of both public and private schools shall be subject to the *no-disruption-of-classes policy* stipulated in DepEd Order No. 9, s. 2005 entitled *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*.
