Dear Sir:

Greetings!

"In order to know the destiny of its people, it is necessary to open the book of its past."
- Dr. Jose Rizal

In celebration and commemoration of the life and works of Dr. Jose Rizal, the national hero of the Philippines, every December 30, HYPHENMotion Co. Ltd. would like to partner with DepEd Baguio City to invite your educators and learners to attend a lecture about Rizal and the convergence of history & globalization.

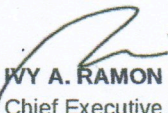

When Rizal met a handful few they use the flow of pen and paint to raise an issue of memory, history, and culture being erased by those who colonizes us. Today, HYPHEN would like to usher the young as they look back and deconstruct the misinterpretation of history in western eyes through a seminar entitled "**SECOND WIND: Jose Rizal in Geopolitics**" to give a second look on the Philippine Revolution ignited by the Filipino pioneers. This is slated on December 15, 2018 (SATURDAY, 4:00 ^{to 8:00 PM}) at Balanghain ni Iking, Ililikha Artist Village, Assumption Rd. Baguio City.

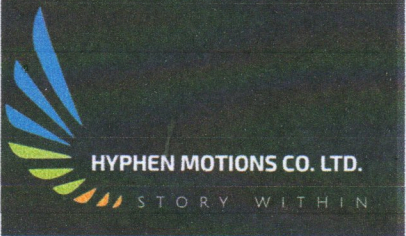

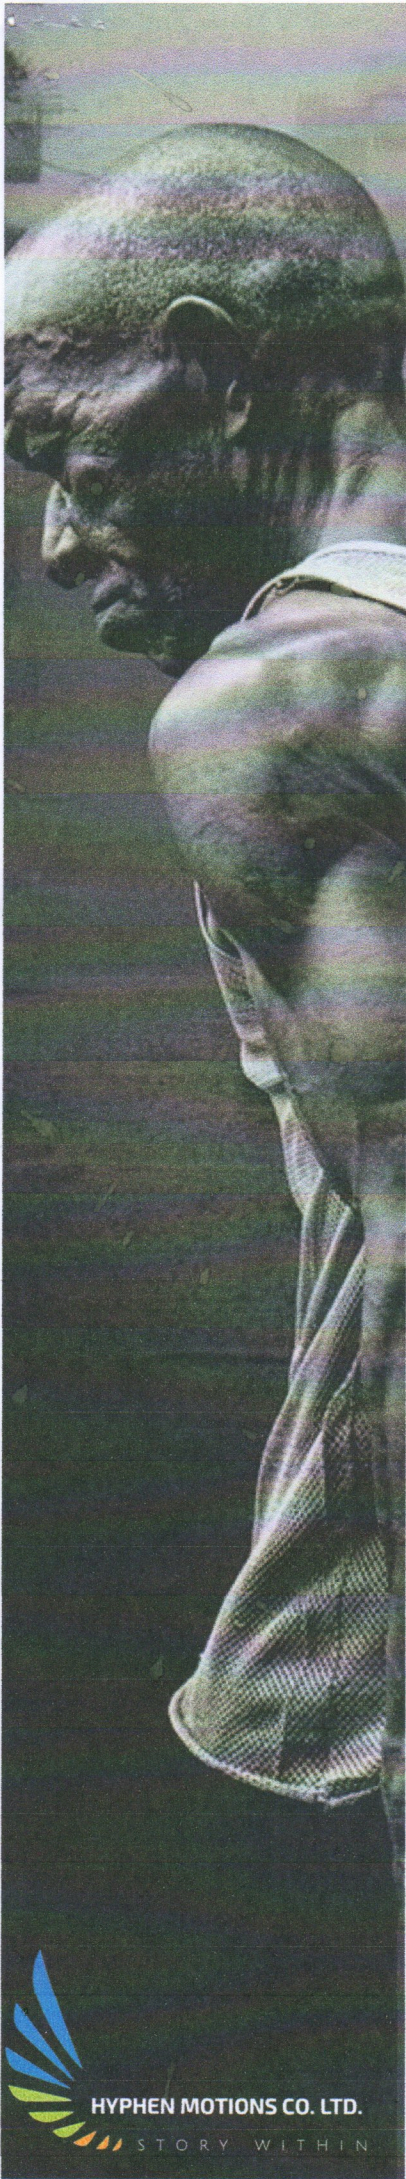

In keeping with Act No. 345 enacted by the Philippine Commission in February 1, 1902, it is timely to collaborate in this kind of movement to impress upon the young people the necessity of nurturing their roots for this gives them identity, indelible and permanent.

We look forward to a positive confirmation as we work together to form our national character. Attached herewith is event description and our company profile.

Thank you and more power.
