OUTREACH ACTIVITY PROPOSAL
RECEIVED
 DEC 05 2018

Tracking Number:
1544019005

Title:
 Know Direction (Tentative)

Short Description:
 A half-day promotion of government-offered scholarships/grants to Grade 11 students in the locality and in far-flung areas.

Purpose/Objective:
 To make the senior high school students aware of the existence of the said scholarships/grants especially those students who are not financially capable to go to college but are deserving and persevered.

Further Details:
 This outreach program will be implemented in three different dates at three different areas in the region. (nearby or inside the Baguio-Benguet vicinity). The organization targets to conduct this outreach activity in a school in Baguio City, a school in a Benguet municipality, and a school in a nearby CAR province.

The beneficiaries of this outreach activity shall be grade 11 students from different high schools, also inviting their respective student governments – this is because the organization acknowledges the important role of student governments to disseminate the information they have acquired. This shall be done in coordination with the respective DepEd offices in their locality to create a more effective mode of communication and promotion to different schools they supervise. The chosen schools shall be upon the recommendation of the concerned government agencies such as DepEd, DOST-CAR, CHED-CAR, etc. on the basis on their records or statistical data on which school/municipality really needs this outreach activity.

The success of this outreach activity is validated in the following factors: (1) number of students reached, (2) number of scholarship/grant applications incurred, and (3) number of schools involved. The implementers of this outreach activity shall be comprised of BAGGS SLU officers and volunteers.

 Republic of the Philippines DEPARTMENT OF EDUCATION CORDILLERA ADMINISTRATIVE REGION Wansal La Trinidad, Benguet
