DEAR HONORABLE SCHOOLS DIVISION SUPERINTENDENT:

Greetings from CYWTAC-Legazpi!

Kids with special needs and the regular students who have difficulty learning thrive in the presence of peers and teachers who use therapeutic strategies in teaching. Whether it is a learning disability, hardship, or trauma, they require extra effort and attention from teachers and the school particularly in maximizing their learning potentials. A great teacher and helping professional can wade through all the outer displays of challenging behaviors and reach even the most difficult students. This is what many of our students need now, caring, and compassionate but firm and consistent helper.

The children and Youth Wellness Technical & Advocacy center (CYWTAC), Inc., a DSWD licensed and accredited community-based non-government organization in Bicol Region has been helping children/teens, families and various institutions in terms of counseling, coaching and formulating helping interventions for children at-risk. CYWTAC has spearheaded the annual get-together of all SPED EDUCATORS, MENTORS and SPECIALISTS since 2012.

In the desire to equipped teachers with the necessary skills to teach different learners, CYWTAC will hold the 7th SPED CONFERENCE with the theme: "CLASSROOM THERAPEUTIC TEACHING STRATEGIES FOR STUDENTS WITH SPECIAL NEEDS AND STUDENTS WITH LEARNING DIFFICULTIES" on May 15-17, 2019 at **BANAUE HOTEL, Banaue, Ifugao.**

This conference will showcase effective and modern ways of helping and managing challenging (behaviorally and academically) and at-risk children to wit:

1. Using Bibliotherapy in Teaching Values
2. Therapeutic Exercises and Movements for Children with Special Needs
3. Tapping Solutions and Emotional Freedom Techniques for Anxious Students
4. Expressive Arts for Children with Learning Difficulties
