Congratulations!

Atty. Anne Rose R De Guia (86.51%) | Attorney III/DepEd-Bulacan for clinching the Top 9 in the Career Executive Service Written Examination CESWE (September 2, 2018)

“If you decided to take the CES-WE exam, you can never be complacent. Passing this exam requires adequate preparation. It is for this reason that I highly recommend his special and personalized coaching sessions and his updated materials. The practice tests, including simulations, lectures, tips, techniques, predicted topics, really provided me a correct way to prepare for the exam.”

She has availed our CESWE Advance Review Materials and attended our Final Coaching in UP Diliman.

Philosophical Perspectives in taking the CESWE

The first step in passing the CESWE is taking the fortitude in filing the completed application documents. The second will be the preparation. And the third step will be taking the actual examination. There are several factors in passing the examination. Aside from the actual coverage of the examination, the battle to conquer is within oneself. The individual should be fortified with the drive, commitment and strong will to accelerate and pursue. If one is unable to pass the CESWE at first take, it does not end there. I can recall some takers who passed it in the 2nd time, and at best – one at 3rd and 4th take. My role is not actually giving the actual answers, but more on facilitating the moral upbeat in bursting the fire to take one again and give it another try. This is our overarching legacy.
