Dear Dr. Eclar,

In fulfillment of our basic thrust to provide teachers with affordable, accessible and acclaimed continuing education opportunities, CPD ONLINE SEMINARS by Testsmart, Co. (PRC Accreditation No. 2018-246), is providing a 100% ONLINE COURSE entitled, **Setting Up Evidenced Based Reading Programs for the K-12 Classroom**. As we face more and more non-readers in class, we see a deep need to equip in-service teachers with practical step-by-step supplementary and practical know how on the assessment, classification and intervention on the literacy needs of the K-12 learner. This online course aims not only to orient and train our teachers on how to set-up their own reading programs but more so to inspire them that they can do something to remediate this alarming problem even with only the most basics of resources.

The course will be taught by multi-awarded literacy champion, **Ryan Homan**, founder of Balsa-Basa and Kostal Basa program in Donsol, Sorsogon. His work that started out as a humble initiative of one regular barrio teacher is now an internationally awarded program recognized by the World Teacher Prize. He was just recently honored as 2019 Bayaning Filipino by the Geny Lopez Foundation.

We have enclosed the course syllabus for your perusal. The course is currently being offered 100% online. It can be taken by participants on their freetime, anywhere, anytime, 24 hours a day, 7 days a week. It only requires a smartphone with internet connection. This eliminates the physical barrier between our amazing instructors and our teachers. It also eliminates the additional expenses for travel, food and accommodation without sacrificing quality and relevance.

A special introductory fee of TWO HUNDRED NINETY FIVE PESOS (P295.00) is offered to all public school teachers who enroll to take the program. We truly hope to work with the Department of Education in the service of the Filipino teacher.

Sincerely,

ZEISSEL G. MIQUE

COURSE DESCRIPTION

- As more and more Filipino children grow up to be non-readers, there is an over-arching need to equip both pre-service and in-service teachers with practical step-by-step know how on how to assess, classify, and respond to the literacy needs of the K-12 learner.
- This online course aims to orient and train our teachers on how to set-up their own reading programs as remedial intervention or as an enhancement activity for their reading initiatives.

COURSE OBJECTIVES

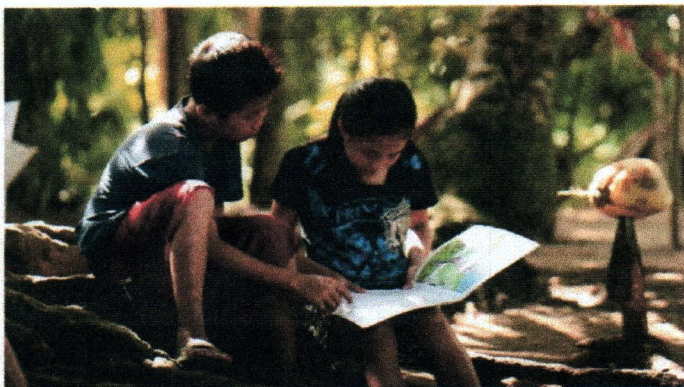

1. Understand how to start a reading program.
2. Implement the steps to create their own reading programs.
3. Utilize different reading techniques and approaches.
4. Develop a school and community literacy program.
