

February 17, 2021

DR. MARIE CAROLYN B. VERANO, CESO VI
Schools Division Superintendent
Division of Baguio

Dear Dr. Verano,

Greetings from Pinoy Robot Games!

May this letter find you and your family in good health. True to our mission of training and supporting the nation's young scientists and engineers, PRG will be conducting the annual **National Robotics Competition ONLINE**. From the comfort of their home, participants may start performing the challenges and solving problems. They begin submitting their entries on April 10. All entries are weekly evaluated and ranked until the culminating date of May 15, 2021.

There will be 12 events. All are new. Instead of completed Robotics and AI Project, one event is the "Great RIM Ideas". In this event, participants will propose a solution to any of the UNSDG categories. No actual device is needed. We hope for subsequent investors to fund the project after the contest.

We are formally inviting your division to participate in this annual event. Registration begins on February 20.

For more details, please visit our website: www.pinoyrobotgames.org

We are looking forward for the participation of your division in the event.

Sincerely,

Melvin R. Matulac
Founder, PRG
