Ms. ESTELA L. CARIÑO
 Regional Director IV
 DEPED CAR Regional Office
 Wangal
 2601 La Trinidad Benguet

Dear Ma'am Cariño,

Greetings from GSIS Baguio Branch Office!

We are glad to inform you that the Government Service Insurance System (GSIS) has added more payment options for GSIS members. The GSIS has partnered with Meralco Bayad Center to accept loan payments from members who will pay their loan amortization in advance; have underpaid accounts; have delayed payment; or with accounts which are already in default (unpaid for more than six months).

The individual payors may contact the GSIS regarding loan balances or they may access the same through eGSISMO. After which, they may proceed to their preferred Bayad Center to fill out a transaction slip with their full name, Business Partner (BP) Number, loan type, payment amount, and mobile number. The slip, which will be validated by Bayad Center, will serve as proof of payment.

Payments of members accepted at Bayad Center will be remitted to GSIS in real time. The payors will receive payment confirmation through SMS within twenty four (24) hours from receipt of the payment.

Hereunder is the list of Bayad Center branches:
