Good morning Mayors and education partners,

We have recently sent you an invitation to the virtual conference on "Accelerating Progress and Equity in Education" on August 19-20, 2021 at 10:00 am. If you have not registered yet, please click the link below to register. If you have registered already, may we request you to re-register. The registration link from my previous email encountered some issues so we came up with a new link.

Please do not miss this national event. The pandemic highlighted weaknesses in basic education that the country has failed to address: equity, retention, and quality. What are the x, y, z factors that will enable students to defy gravity? Your presence at this conference, together with your LSB members, school heads, teachers, barangay leaders and SGC officers, would be most appreciated and most helpful for your learners.

Thank you and we look forward to seeing you at the conference.

Most sincerely,

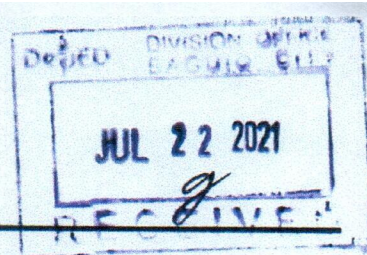

Ningning Doble

Good morning Mayors and education partners,

Something BIG is coming!

Join our partnership with Konrad Adenauer Stiftung as we reflect and look back at the year that was past. What was the impact of Covid 19 on student learning? Then let us re-imagine what basic education and the process of learning should be in a world after Covid.

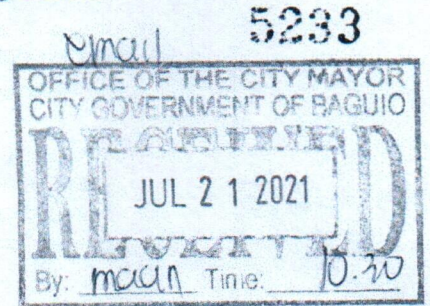

Do not miss this national event entitled, "Accelerating Progress and Equity in Education" on August 19-20, 2021. We would love for you to be there, dear Mayors. Please invite also your LSB members, school heads, teachers, barangay leaders and SGC officers.

I am attaching the draft program and the instructions on registration. Please register soon. If you are having issues registering, please let me know so I can assist you. You may email me or call/text me at 09178501110. It would also be deeply appreciated if you could let me know the names and designations of your registrants.

Thank you and may we move forward together with our children.

Most sincerely,

Ningning Doble
