DIVISION MEMORANDUM

No. 223 s. 2021

REQUEST FOR ASSISTANCE IN THE PRE-REGISTRATION OF TEACHERS IN THE PROFESSIONAL DEVELOPMENT PROGRAM ON ASSESSMENT AND EMERGING LITERACIES WITH FOCUS ON PISA

To: Chief Education Supervisors
ALL Public Schools District Supervisors
ALL Public Secondary School Heads
All Others Concerned

1. This Office hereby disseminates an unnumbered memorandum issued by the Office of Undersecretary NEPOMUCENO A. MALALUAN calling for all Junior High School to participate in the Professional Development Program on Assessment and Emerging Literacies with focus on Programme for International Student Assessment (PISA).
2. This program aims to improve the teachers' assessment literacy and content knowledge to help them align their classroom practice with the emerging literacies measured by international assessment.
3. In view of this, this is to request all School Heads in the Junior High School to send three teachers to participate in the said training program, with one teacher each for Math, Science and English Specializations. Further, the teacher participants must be teaching either in Grade 8 or Grade 9.
4. The Pre-Registration Process for this professional development program shall follow the following process:
 - A. Upon review of the details of the professional development program in **Annex A-Program Details**, teachers who are interested to participate must express their interest by informing their respective school heads.
 - B. If more than three (3) teachers are interested in each school, the school head may set up an internal selection process to meet the criteria in item No. 3 of this memorandum.
 - C. One the final list of participants for the school is determined, the school head is requested accomplish **Annex B- Endorsement of Participant** (School Level) and submit to the SGOD-HRD Office. The soft copy of this form may be downloaded from <https://bit.ly/AnnexBSchoolLevel>.
 - D. The deadline for the submission of Annex B is on **August 25, 2021**.
5. For any queries/concerns relative to this program, please call JOVELYN BALANTIN or ASUNCION SAGUID of the HRDS Office at Telephone number **619-3492**.
6. Immediate dissemination and compliance with this Memorandum is directed.

FEDIRICO P. MARTIN, EdD, CEEd, CESO V

PROGRAM DETAILS

Professional Development Program on Assessment and Emerging Literacies with Focus on PISA

I. Rationale

The Department of Education (DepEd) is committed to engage in various national and international system assessments to guide its efforts to address the challenge of improving the quality of basic education. Towards this end, DepEd participated in the Programme for International Student Assessment (PISA) for the first time in its 2018 cycle. The Department likewise participated in the Southeast Asia Primary Learning Metrics (SEA-PLM) 2019 and in the Trends in International Mathematics and Science Study (TIMSS) 2019.

The results of the participation by the Philippines in these international large-scale assessments (ILSA) bring to light the need to accelerate the efforts to improve education quality. One way to contribute to the improvement of quality of basic education is to enhance the alignment of classroom assessment with ILSAs such as PISA. Studies have shown that proper alignment between formative assessments and subsequent summative assessment is crucial in effective learning and assessment quality. For instance, Gulikers et al. (2013) submit that formative assessments should “change along with summative assessment innovations,” highlighting that teachers’ conceptions must be addressed to ensure the development of formative assessment practices that are aligned to such innovations. Further, according to Care (2018), “It is essential that there is strong alignment, not only between curriculum, assessment and pedagogy, but also across the different assessment levels - from classroom to national system - if stated learning goals and the educational philosophy of the country are to be realised.”

This professional development program, entitled Professional Development Program on Assessment and Emerging Literacies with focus on PISA, will thus aim to improve teachers’ assessment literacy and content knowledge, which should help them align their classroom practice with the emerging literacies measured by international assessments. The ultimate goal is for such alignment to translate to the improvement of the Reading, Math, and Science literacy of Junior High School Students.

II. Program Description

The Professional Development Program on Assessments and Emerging Literacies with focus on PISA aims to improve teachers’ assessment literacy and content knowledge in order to develop the Reading, Math, and Science literacy of Junior High School Students.

Enabling objectives include the following:

- Improve teachers’ basic assessment literacy
- Introduce emerging literacies in Math, Science, and Reading

- Integrate emerging international directions in classroom assessment practice and interventions
- Assess teachers' content knowledge in Reading, Math, and Science in order to inform the direction of future cycles of the PD

The content of this training program covers the following Professional Development Priorities of the National Educators Academy of the Philippines (NEAP): Philippine Professional Standards for Teachers (PPST) Strands 1.5, 3.1, 4.1, 4.2, 4.5, 5.1, and 5.2.

III. Target Participants and Indicative Schedule

The program aims to cater to Grade 8 and 9 English, Science, and Math teachers in the 9,344 public junior high schools nationwide.

The program shall be implemented from September 2021 to March 2022.

IV. Component Courses

Course Title	Brief Description	Topics
Enhancement of Teachers' Assessment Competencies	This course introduces the assessment competencies that teachers are expected to be equipped with based on the national and international standards. It consists of three parts: (1) Assessment Competencies for Teachers, (2) Building Assessment Competence, and (3) Feedback to Inform Learning. The course starts with pre-assessment of the participants' competencies. The teachers will be able to identify their strengths and weaknesses that could serve as their basis in improving their assessment practices. Moreover, this course provides a venue to build the teacher's competence in terms of assessment purposes, planning, evidence collection, interpretation of assessment evidence, use of assessment interpretation, evaluation of assessment processes, and feedback giving to improve student performance.	<p>A. Assessment Competencies Required for Teachers</p> <ol style="list-style-type: none"> 1. Assessment Competencies from the PPST and other standards 2. Exercise in self-assessment and action plan (Status, gaps, goals, and plans) <p>B. Building Basic Assessment Competence</p> <ol style="list-style-type: none"> 1. Assessment purposes 2. Assessment planning 3. Evidence collection 4. Interpretation and use of student data during classroom discussions 5. Interpretation and use of student data between lessons

		<p>6. Evaluation of assessment process to inform continuous improvement cycles</p> <p>C. Feedback to improve learning</p> <ol style="list-style-type: none"> 1. Growth mindset for motivation 2. Self-assessment and metacognition
Assessment of learning in DepEd	<p>This course intends to provide asynchronous and independent learning sessions for teachers to (1) explain the department's existing policies on student learning assessment at different levels (system, national, classroom); (2) improve content knowledge of participants on Assessment of Learning in DepEd as reflected in its policy documents; (3) to review and familiarize participants with different protocols/standards on classroom assessment, national assessments, system assessment, and the interim guidelines on assessment and grading in light of the BE-LCP. An online platform shall be used to implement this course, and the topics shall be delivered through webinars. Moreover, the resource persons shall come from the OUCI bureaus that serve as the process owners of the policies.</p>	<ol style="list-style-type: none"> A. Guidelines for Assessment and Grading in Light of the BE-LCP DO 31 s.2020)
The Philippine K-12 Curriculum and the ILSA	<p>This course provides an opportunity for the participants to compare international frameworks in reading, math, and science literacy and the local framework in order to understand the new directions in teaching and assessment of these literacies. The outputs will be an evaluation of tests questions, analysis of publicly available PISA and/or TIMSS questions, and formulation of test questions based on the PISA and/or TIMSS framework.</p> <p>This course also discusses the emerging directions of Reading, Mathematics and Scientific literacies based on PISA and TIMSS. It also provides valuable insights on the noted gaps in the Philippine Curricular Framework through the lens of the ILSA (i.e., PISA and TIMSS). Using the online delivery platform, various</p>	<ol style="list-style-type: none"> A. Reading Literacy 2. Math Literacy 3. Scientific Literacy B. Comparison of the Philippine K to 12 Framework with the various ILSA Framework

	<p>assessment activities were designed to facilitate individual and collaborative exercises such as evaluation of tests questions, analysis of publicly available PISA and/or TIMSS questions, and formulation of ILSA-based test items. The course has the end objectives of making the teacher participants to become familiar in the ILSA assessment structures, keen in evaluating quality assessment items that reflect Reading, Mathematics and Scientific literacies and adept at crafting questions that can prepare learners when they join the next PISA and TIMSS.</p>	<ol style="list-style-type: none"> 1. Reading Literacy 2. Math Literacy 3. Scientific Literacy 4. Writing Literacy
<p>Adapting assessment principles and practices to the emerging literacies</p>	<p>This course provides participants with educational technology tools, learning resources, and instructional strategies that can be used to enhance literacy skills or address the literacy gaps identified by the PISA 2018 results. The various components of this course provide participants with the knowledge needed to use these resources and strategies for interventions at the classroom level. Briefly, each component of this course may be described as follows:</p> <p>The first component is the PISA Readiness Toolkit, which intends to orient the JHS teachers of the intervention materials that they could use to improve the mathematics, scientific and reading literacies of the 15-year-old learners based on the proficiency levels set in PISA. The course includes opportunities for the teachers to see a demonstration on how to use the intervention materials for them to be able to use them effectively in the classroom.</p> <p>The second component is the FrontLearners Simulation Training, which aims to equip teachers on the use of PISA-related e-learning materials. This training program will be delivered through self-paced simulation activities that are uploaded in the Learning Management System (LMS).</p> <p>The third component is the Training of Trainers for the PRIMALS LLAC. Its main objective is to help teachers develop literacy as a foundational and requisite skill in</p>	<p>A. Orienting teachers on the use of the materials from PISA in Action Component 2 (Learning Materials and Practice Tests for Students)</p> <ol style="list-style-type: none"> a. PISA Readiness Toolkit b. 	<p>language (English) and content areas (particularly, Science and Mathematics) among their students.</p> <p>Finally, the online training program on Teaching and Assessing Reading Literacy introduces teacher-participants to the important characteristics, components, and strategies for reading comprehension instruction so that adolescent learners will become independent, strategic, and effective readers. It aims to guide participants on the application of the method of direct teaching for comprehension strategy instruction, and to lead them to understand how various assessment strategies can be used to assess the processes and products of reading comprehension.</p>	
<p>Monitored application of assessment practice in the classroom setting</p>	<p>This course will serve as the final requirement for the completion of this program. It aims to provide an avenue for synthesis and integration of learning through the practical demonstration of assessment competencies, principles, methods, and strategies, and will be an important component of the Monitoring and Evaluation evidence.</p>	<p>Preparation of Individual Portfolio and Group Action Research or Assessment Plan</p>
