Greetings from Pru Life UK!

We believe that Filipino teachers and educators are **heroes** by their contribution in shaping the country's future. They make difference, bring hope, encouragement and transforming the lives of the youth in the community. In support of the **National Teacher's Month Celebration**, we would like to invite your respective educators to take part in an engaging **health and wealth session** this coming **September 14, 2021, at 5:00 pm** via **Zoom**. To make this event more accessible we would like to request assistance from your good office in cascading our advocacy to the respective teachers in your Division if you will allow. I am attaching an invitation letter for your perusal.

During these challenging times where the entire world faces a global pandemic, we believe in making lives better for every Filipino by providing awareness on options for financial protection and wealth management. It is also a great time to wind down after a long day and find mindfulness sometimes.

We are looking forward to having the opportunity to enlighten you further on the benefits of financial planning. Be with us in our journey as we take charge of the future and overcome this global pandemic.

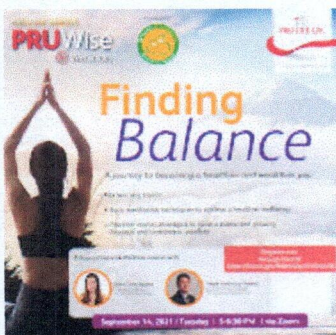

Please see attached poster and letter request for your reference. We encourage all the attendees to register first in order to receive the webinar zoom details and secure their slot.
