

{R3C} ROBOTICS CODING CAMP AND COMPETITION 2022

January 7, 2022

FEDERICO P. MARTIN, EdD, CEdD, CESO V
School Division Superintendent
Division of Baguio City
Baguio City

Dear Dr. Martin :

On behalf of the Philippine Robotics Team, with the support of the Data Science and Technology Corporation, we are pleased to invite your students and coaches to take part in the upcoming ROBOTICS CAMP AND CODING COMPETITION {R3C}, wherein the competition proper will take place on February 26, 2022.

The R3C event is an online robotics event designed to achieve the following:

- 1) Foster the development of computational thinking and programming abilities,
- 2) Encourage the development of core STEM skills such as problem solving, planning, and mathematical reasoning.
- 3) Equip the participants with the skill set that will aid them in their academic endeavors

Participants may opt to participate in both the camp and the competition, or they can choose to participate in either the camp or the competition only. The mechanics of the camp and competition, including age groups, costs, and the dates of the camp and competition, are covered and given in the poster attached. Details on how to register are also accessible by clicking on the following link:

<https://tinyurl.com/coderobotcamp>

In addition to the above, we are delighted to provide a free complimentary training session for those competitors from public schools who would want to skip the camp and only register for the contest itself. The free R3C preparation training for public school registrants will be held on February 12, 2022.

For any inquiries or clarifications about the coding event, please feel free to get in touch with the organizer via email at philippineroboticsteam@gmail.com or send a PM via <https://tinyurl.com/R3Crobot>.

We hope to receive your favorable response and participation. Stay safe and let's have fun coding online. Thank you.

Sincerely,

Pinky B. Legaspi
R3C Overall Chair / Vice President – Data Science and Technology Corporation
National Partner Organizer – International Robot Olympiad &
Federation of International Robot Sports Association

To: School Administrators, Principals & Teachers in-Charge
(Elementary & Secondary)

FOR YOUR INFORMATION & APPROPRIATE ACTION

FEDERICO P. MARTIN, EdD, CEdD, CESO V

School Division Superintendent

invites everyone to join the

ROBOTICS CODING CAMP & COMPETITION

Where the CODE is mightier
than the sword >>>
