According to Bethany Spencer, wellbeing is one of the most important things you can do as a school leader. The success of your school is dependent on the quality of instruction delivered by your teachers to your students; their wellbeing is crucial to ensuring that their teaching skills are effective and of a high quality. Teacher absence has greater consequences than just affecting student progression as an actual cost is attributed to sick teachers who are either off work or quit from a result of their health pressures.

From these narratives, some of our BNCHS teachers are undergoing health problems as a result they will undergo chemotherapy and radiation. This condition will be an additional challenge to them, in fact, undergoing such medical treatment is very expensive.

Thus, **BCNHS-CHDC (City Higher Darters Club)** in consultation with the School Head **Brenda M. Cariño** and Division of Baguio City headed by our Schools Division Superintendent **Federico P. Martin, EdD, CEEd, CESO V** proposes a **DARTS FOR A CAUSE** which will be done this November-December 2022 and the following year as scheduled. From the registration collected it will be given to our beneficiary **Mrs. Noemi E. Cariño**, one of the Araling Panlipunan teacher who was diagnosed with cervical cancer. In cases that there still others to be given financial assistance it will be accommodated.

We believe that this activity will ease the burden of our colleague/s. They feel that they are family, important, and cared for. Definitely they will take this as an encouragement to still do their mandate despite of their situation.
