Greetings!

This coming April 28, 2023, the Intellectual Property Office of the Philippines (IPOPHL), thru the IP Academy, and De La Salle University (DLSU) will be holding the 4th IP and Innovation Research Conference.

The Research Conference aims to provide a venue for experts, researchers and enthusiasts of Intellectual Property and Innovation to engage in intellectual discourse in their respective fields. The conference will showcase papers from both foreign and local researchers with topics discussing the contemporary issues in intellectual property and emerging technologies.

This theme for this year is, "Women, Youth, and Indigenous Peoples: Towards Inclusivity in Innovation, Creativity, and Sustainability". The Research Conference affirms the important contributions from groups traditionally underserved by the IP system to culture, innovation, and socioeconomic growth.

We cordially invite all academics, scientists, researchers, research scholars, IP practitioners, educators, innovators, and undergraduate/post-graduate/law students to submit their abstract/paper and join us in cultivating the IP research culture in the country.

Interested individuals may submit their abstracts through [bit.ly/4thIPIIRC](https://bit.ly/4thIPIIRC).

For queries and concerns, kindly coordinate with Mr. Kevin Facun at [kevin.facun@ipophil.gov.ph](mailto:kevin.facun@ipophil.gov.ph).
