Dr. Federico P. Martin
Schools Division Superintendent
DepEd Schools Division Office Baguio

DEAR DR. MARTIN:

Greetings of service!

The **Summer Institute in the Natural Sciences and Mathematics (SINSM)** is an annual extension service of the **College of Science, University of the Philippines Baguio**. Since 1990, the event has offered venues by which secondary and tertiary educators and researchers from all over the country are trained and updated on the latest developments in the fields of the Sciences and Mathematics. Over the years, we have conducted lectures and seminar workshops in theory, applications and pedagogy, as well as refresher courses in the basic concepts in the fields of Biology, Mathematics, Computer Science, Physics, Chemistry, Geology, and Sports and Movement Science. Our services are inspired by the very objectives of the Commission on Higher Education (CHED) in its desire to inculcate academic excellence in the teaching of Science and Mathematics-allied degree programs by strongly encouraging the conduct of lectures and seminar workshops that promote interest in and awareness of developments in the basic and advanced Sciences and Mathematics, together with the Department of Education's objectives to establish and maintain a complete, adequate, and integrated system of basic education relevant to the goals of national development.

This year will be the 28th edition of the event, with the theme "**Recalibrating Science and Mathematics Education Instruction through Modern and Flexible Teaching and Research Methods Part 1**" and the objective of integrating innovative pedagogies and research methods to equip educators in transitioning to hybrid modes of learning. The 28th SINSM will be conducted at the **University of the Philippines Baguio campus and online on 27-29 April 2023**.

In this regard, we are humbly requesting from your good office an endorsement of this activity. More details and updates about the event can also be found on our website (<https://sites.google.com/up.edu.ph/sinsm2023/>) and Facebook page (<https://www.facebook.com/sinsm.upbaguio>).

We thank you very much in anticipation of your favorable action and continuous support to these endeavors. For inquiries you may email us at sinsm.upbaguio@up.edu.ph.

Respectfully yours,

ASST. PROF. RADY J. REMIGIO
Chairperson, SINSM Committee
