1. With the increasing traffic and potential hazards around our school premises, it is imperative that we take proactive measures to safeguard our learners during their commute to and from school. Thus, all schools are encouraged to contribute to this effort by assessing the current road safety measures and identifying specific needs and recommendations to enhance road safety for our learners. Please submit your suggestions through the following link: bit.ly/SDOBaguioRS.
2. These suggestions may include, but are not limited to:
 - Suggestions for traffic calming measures such as speed bumps, pedestrian crossings, or signage.
 - Creation of designated drop-off and pick-up zones to minimize traffic congestion and ensure orderly flow of vehicles.
 - Installation of CCTV cameras or other monitoring systems to enhance security and surveillance on roads adjacent to the school.
3. These submissions will be carefully reviewed and prioritized based on feasibility, urgency, and potential impact on improving road safety for our learners.
4. The deadline for submission of reports will be on May 17, 2024, at 5:00 PM.
