No. **036-2024**

**FIGHT DENGUE: ELIMINATE BREEDING SITE TODAY**

TO: ALL SDO Personnel  
Others Concerned

1. The Department of Health- Cordillera noted an alarming increase in the number of dengue cases in the region. About 2,122 dengue cases were logged from January 1, 2024 to June 1, 2024. A total of 1137 dengue cases were recorded in Baguio in the first 26 weeks of 2024.
2. The report from Health Service Office, Baguio City highlights a concerning increase in dengue fever cases within the city. From January 1 to June 16, 2024, there have been 942 reported cases, which is significantly higher than the 401 cases reported during the same period in 2023.
3. Local health officials are urging residents to take preventive measures to combat the spread of dengue fever.
4. In relation to the above-mentioned condition the following activities are to be observed:
  - a. 4 o'clock habit "OPLAN-TAOB" - to be conducted every Fridays of the week at 4 o'clock in the afternoon.
  - b. Clean Up Drive along the SDO-BAGUIO premises
  - c. Larvicide Application
  - d. Information, Education and Campaign against Dengue
5. Your participation is highly recommended as it will increase awareness and help in the elimination of potential mosquito breeding sites.
6. Immediate dissemination and strict compliance with this memorandum are directed.
