Madam:

Greetings!

The Professional Regulation Commission (PRC), as partner-agency in the implementation of Republic Act No. 11206, otherwise known as "The Secondary School Career Guidance and Counseling Act," recognizes the role of the youth in nation building and in the acceleration of social progress.

For our participation, the PRC-Cordillera Administrative Region is conducting career orientation in various schools (public and private) in the Cordillera primarily to introduce and familiarize students with the forty-six (46) various regulated professions. We do believe that with this activity, students will be guided as to what course/profession they will pursue in college.

In view of the above, it is our pleasure to conduct career orientation to high school students of various schools in your division upon invitation. We are also willing to conduct onsite processing of renewal of Professional Identification Card upon prior arrangement.
