Collaborating with Linkages to Initiate Change and Kindle (CLICK) Progress in Education is designed to foster collaboration among educators, institutions, and stakeholders to drive meaningful change and kindle progress in the educational sector. This initiative aims to create a network of partnerships that leverage diverse expertise and resources to address pressing educational challenges. By initiating collaborative efforts, the activity seeks to implement innovative solutions that enhance teaching methodologies, improve student outcomes, and promote equity in education. Through collective action and shared goals of the above-mentioned diverse groups, CLICK Progress in Education aspires to transform educational practices and create a more dynamic, inclusive, and effective learning environment for all learners.
