Subject: Request for Participation of Elementary Schools for the KINAADMAN Program

Dr. Soraya T. Faculo:

Greetings! I am Edward C. Albaracin, Campus Director of the Philippine Science High School - Cordillera Administrative Region Campus (PSHS-CARC), and I am pleased to endorse an upcoming initiative organized by our Grade 11 scholars under the SCALE program: KINAADMAN.

The SCALE program is a mandatory extracurricular activity designed to complement the STEM curriculum of the PSHS System, providing scholars with opportunities to develop essential skills, particularly in the areas of Service, Creativity, Action, and Leadership. The proposed activity, **KINAADMAN (Knowledge and Innovation by Nurturing Activities in Advanced Literature, Different Sports, Mathematics, Arts, and Natural and Applied Sciences)**, aims to highlight three of these strands — Service, Creativity, and Leadership — by engaging elementary school students in Baguio City through a variety of educational and interactive sessions.

Specifically, KINAADMAN will cover workshops in Arts, Literature, Science, and Sports. It also serves as a promotional activity for the PSHS National Competitive Examination (NCE), allowing young students to experience what it's like to be part of the Pisay community.

In line with this, I fully support the request of our Grade 11 students for the participation of Grade 5 students from different elementary schools in Baguio City. The details are as follows:

- a. A maximum of 60 Grade 5 students (who will be separated into two batches), preferably coming from different schools in Baguio;
- b. First-come, first served basis in the signing-up
 - i. Sign-up sheets will be done through google forms: <https://surl.li/fgvmnu>

The program will run from June 21, 2025, to July 12, 2025, with each participant attending two Saturday sessions. A detailed Program of Activities and schedule is attached for your reference.
